CARGO RATES FROM POLAND TO CHINA IN 1952

The rates are in English shillings per 1,000 kilograms with a 1½ percent deduction, or per cubic meter without deduction, depending on the ship. Contracting parties belonging to the conference receive a 9½ percent rate deduction.

An additional heavy-weight rate is charged for units heavier than 2,000 kilograms and the same is true for lengths over 9.20 meters.
